

FOR IMMEDIATE RELEASE

Enviroguard Files Trademark in Canada

March 2025 — Enviroguard is pleased to announce the filing of its trademark application in Canada, marking a significant step in solidifying its brand presence in the energy storage sector. This strategic move underscores Enviroguard's International commitment to providing innovative solutions for environmental compliance and sustainability.

The Enviroguard brand symbolizes a comprehensive approach to safeguarding the environment, offering a range of services and products designed to assist businesses in meeting their environmental obligations while promoting sustainable practices. With increasing regulatory demands and a growing emphasis on corporate responsibility, Enviroguard aims to empower organizations to adopt proactive environmental strategies.

"We are thrilled to take this important step in trademarking the Enviroguard name," said Doug Frazier, CEO of Enviroguard. "This trademark not only protects our brand and adds value to our Channel Partners, but also signifies our dedication to advancing environmental stewardship and innovation."

The trademark renewal is part of Enviroguard's broader vision to enhance its market position and expand its reach across Canada. The company is committed to supporting businesses in achieving compliance with environmental regulations and fostering a culture of sustainability.

Enviroguard invites businesses and stakeholders to learn more about its services and how they can benefit from the protection and guidance offered under the Enviroguard brand. For additional information, please visit www.enviroguard.com or contact salesinfo@enviroguard.com.
